

LÉONCE BOCQUET

An emblematic figure in 19th century Burgundy, Léonce Bocquet greatly contributed to the renown of Burgundy wines throughout the world.

As supplier to Europe's greatest courts, he made himself known for his fine, high-quality wines that he promoted with talent and passion.

It is in homage to this charismatic and passionate man that today we now produce a complete range of Crémants de Bourgogne (Burgundy AOC and Varietals) in the greatest respect for tradition. These elegant wines with their fine, light bubbles reflect the terroir they hail from and frequently win awards at competitions.
